The Club is currently working on the next version of the Business Plan which will further solidify the direction of the Club. This will be completed in March 2016.

5. OPERATING AND FINANCIAL REVIEW

The Club has announced a consolidated comprehensive loss of \$3,318,274 for 2015 (2014: comprehensive loss \$283,146). This includes asset write offs of \$1,899,011 primarily related to the demolition of the Brownlow and Jennings stands in preparation for redevelopment.

Over the past decade the Club has invested over \$13 million back into Simonds Stadium for Stages 1-3 of the stadium's redevelopment so far, and our debt for stages 2-3 is currently \$3.7 million. Whilst no doubt this has been a good investment, our consistent profits over many years are not seen in our current bank balance as we continue to fund our debt repayments. Furthermore the Club will also invest further into the latest stage of Redevelopment (Stage 4). We also continue to invest in feasibility studies for Stage 5 to finish the Stadium.

The Club's net asset position is \$7.7 million (2014: \$10.9 million)

Total turnover decreased to \$49.7 million (2014: \$51.4 million).

Commercial operations

The Club's commercial operations suffered a reduction in profitability, dropping to \$19.6 million (2014: \$20.8 million.) The reduction in profit from commercial operations came mainly in the areas of Melbourne match returns (due primarily to reduced attendances) and venues.

The Club has been very fortunate to have many long term corporate partners over the years. These corporate partners continued their strong support for the Club throughout 2015, with several of our key sponsors extending their agreements with the Club.

Match day attendances

Our Melbourne games particularly at the MCG in the second half of the season were well down on budget and prior year actuals. Overall average home game (including games at Etihad & MCG) attendance dropped to 29,127 (2014: 33,915).

Membership

Membership increased by 5% to 46,113 (2014: 43,803). While the membership level is a new club record, as always we are determined to maintain and grow our membership base.

Football department

We continue to invest significantly in our football department, with costs totaling \$22.2 million (2014: \$21.7 million). Whilst we did not make the finals in 2015 (only the second time in 12 seasons) we are confident that we will again be among the leading teams in 2016.

Website and social media

Our website and social media activity has continued to grow this year with unique visits to our website averaging over 302,000 per months and Cats TV over 213,000 views per month in season. This, added to our Twitter and Facebook pages, has meant huge growth for our Club in website and social media activity.

Community

Our club remains committed to a strong community presence and this year has seen our players involved in over 1,000 appearances and events throughout our communities. The Deakin Cats Community Centre has seen more than 44,000 people utilising this facility since it opened in 2013. We understand the impact the Club can have on people's lives and are proud of the work we do in this area.

Equalisation

This has been the first year of the AFL's new profit share equalisation policy which saw the Club contribute \$300,000 to this fund in 2015.

Capital Investments

The Club has continued to make significant investments into a range of assets and capital projects throughout the course of the year to ensure the long term future of the Club, totaling \$845,621 in 2015. This includes the Club's investment into a new Club-wide Enterprise Resource Planning system and contributions to Stage 4 redevelopment.

Loan principal repayments and associated financing costs for the year were \$1.1 million (2014: \$1.3 million).

Infrastructure

The Club's vision for Simonds Stadium is to provide our members with the very best possible facility and for the stadium to be used for other sports and events which will in turn greatly benefit the Geelong community.

The Club secured funding from the State Government of \$75 million, as well as funding from the City of Greater Geelong and the AFL to complete Stage 4 of the Stadium redevelopment. Demolition works have already begun on Stage 4 and we anticipate completion by May 2017. Once complete the Stadium will have increased capacity, a new and larger football training and administration facility as well as new Cats Shop and Membership commercial hub.

2016 and beyond

The Board and management recognise that we have been extremely fortunate to experience a sustained period of on-field success. Despite this success, we continue to face many challenges and are working hard to address them. The requirement for ongoing innovation and improvement across all areas of our business is critical to ensuring the long-term success of the Club. The Club is continually looking for new ways to grow our revenue and contain expenses so that we can continue to be well placed financially in a competitive environment that is changing at an unprecedented rate.

We look forward with excitement to the completion of Stage 4 of the Stadium's redevelopment in 2017. We have also recently announced the continuation of our long relationship with Ford with a formal extension of the arrangement until the end of 2020. Furthermore, we have seen very strong membership numbers already for the 2016 season with member numbers currently sitting at 39,546, well on the way to our target for 2016 of 50,000 members.

We are also about to embark on a major fundraising strategy for 2016 with the major goals of paying off our current Stadium debt and contributing to Stage 4 of the redevelopment.

Final words

Finally, we would like to thank you, our members, for your continued support of the Club. There is an emotional and financial investment in being a member and we understand that. We do not take it for granted and seek to provide a return on that investment. We will be doing everything we can to compete for the premiership, while maintaining our standards and perspective in the way we go about our business.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - CLUB INFORMATION

Geelong Football Club Limited ("the Club"), the Parent entity of the Consolidated Group, is a company limited by guarantee where statutory members guarantee its liabilities to the extent of \$2.

The registered office of the Club is:

Simonds Stadium
Kardinia Park
Geelong, Victoria, 3220

The principal activities of the Club are the playing and promotion of the game of Australian Rules Football and the operation of related facilities. The Club is a member of the Australian Football League.

The financial report of the Club for the year ended 31 October 2015 was authorised for issue in accordance with a resolution of the Directors on 22nd December 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. The following is a summary of the material accounting policies adopted by the Club in the preparation of the financial report. The accounting policies have been consistently applied unless otherwise stated.

(a) Basis of Preparation

This consolidated financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards - Reduced Disclosure Requirements and other authoritative pronouncements of the Australian Accounting Standards Board.

With the exception of available-for-sale investments, which are measured at fair value, this report is prepared on an accrual basis in accordance with the historical cost convention and, except where stated, does not take into account current valuations of non-current assets.

The financial report is presented in Australian dollars.

(b) Statement of Compliance

Reduced Disclosure Regime

The Club applies AASB 1053 Application of Tiers of Australian Accounting Standards and AASB 2010-2 Amendments to Australian Accounting Standards from Reduced Disclosure Requirements as the Club is a not-for-profit public Tier 2 entity.

As a result the Club prepares consolidated general purpose financial statements in accordance with Australian Accounting Standards - Reduced Disclosure Requirements (AASB - RDRs) (including Australian interpretations) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001 .

(c) New accounting standards and interpretations

Changes in accounting policy and disclosures

The accounting policies adopted are consistent with those of the previous financial year.

Other Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective have not been adopted by the Club for the annual reporting period ended 31 October 2015.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(d) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Geelong Football Club Ltd and its controlled entities as at and for the period ended 31 October 2015. These controlled entities include:

- Geelong Football Club Foundation Pty Ltd;
- Geelong Cats Football & Heritage Foundation; and
- Geelong Cats Community Foundation.

Controlled entities are those entities over which the Club has the power to govern the financial and operating policies so as to obtain benefits from their activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Club controls another entity.

The financial statements of the controlled entities are prepared for the same reporting period as the Parent, using consistent accounting policies. In preparing the consolidated financial statements, all intercompany balances, transactions, unrealised gains and losses resulting from intra-Club transactions have been eliminated in full.

Controlled entities are fully consolidated from the date on which control was obtained by the Club and will cease to be consolidated from the date on which control is transferred out of the Club.

Investments in controlled entities held by Geelong Football Club Ltd are accounted for at cost in the separate financial statements of the parent less any impairment.

(e) Going Concern

The consolidated financial report has been prepared on the basis that the Club is a going concern although there is a net current asset deficiency of \$5,363,026 (2014: \$4,334,441). The going concern basis is considered appropriate as due to the seasonal nature of the Club's activities it expects to generate sufficient funds in the next quarter from gaming, membership, reserved seat sales and sponsorship to meet its debts as and when they become due and payable and to continue to fund its ongoing operations.

It should be noted that the Club outlaid \$1,788,206 in cash in the current financial year on a range of assets and capital projects. This includes contributions made to the Stage 4 redevelopment of Simonds Stadium and the implementation of a new Enterprise Resource Planning system. All capital projects have been funded from the Club's carried forward financial surplus and its borrowings from Bendigo Bank.

Long term marketing and financial strategies have been developed to manage the Club's debt levels, improve trading profitability and ensure long term viability. The Directors are confident that these strategies will be successful in allowing the Club to continue to participate in the Australian Football League.

(f) Cash and Cash Equivalents

For the purpose of the Consolidated Statement of Financial Position and Consolidated Statement of Cash Flows, cash and cash equivalents includes cash at bank, cash on hand and short-term deposits either held at call or with an original maturity of three months or less.

(g) Trade and Other Receivables

Trade receivables, which generally have 7-30 day payment terms from the date of the invoice/statement, are initially recognised at fair value and then subsequently measured at fair value less an allowance for impairment.

Other receivables are measured at amortised cost using the effective interest method, are non-interest bearing and are settled based on various commercial terms and conditions, generally in 30 to 90 day terms.

Collectability of trade and other receivables is reviewed on an ongoing basis by Club management. Individual debts that are known to be uncollectable are written off when identified. An impairment provision is recognised when there is objective evidence that the Club will not be able to collect the receivable. Financial difficulties of the debtor, default payments or debts more than 60 days overdue are considered objective evidence of impairment. The amount of the impairment is the receivable carrying amount compared to the present value of estimated future cash flows, discounted at the original effective interest rate.

(h) Inventories

Inventories are measured at the lower of cost and net realisable value:

- Merchandise is valued at weighted average cost.
- Memorabilia is valued at purchase cost.
- Food and Beverage is valued at purchase cost.

Net realisable value is the estimated selling price of the inventory in the ordinary course of business, less estimated costs of completion and all estimated costs necessary to make the sale.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(i) Leases

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset.

Finance leases, which transfer to the Club substantially all of the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as an expense in profit or loss.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term if there is no reasonable certainty that the Club will obtain ownership by the end of the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are recognised as an expense in the statement of comprehensive income on a straight-line basis over the lease term.

(j) Intangible Assets

Intangible Assets acquired are initially measured at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any impairment losses. Internally generated intangible assets are not capitalised and expenditure is recognised in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over their useful life and tested for impairment individually or at the cash-generating unit level on an annual basis or when there is an indication that the intangible asset or cash-generating unit may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the amortisation period or method, as appropriate, which is a change in accounting estimate. The amortisation expense on intangible assets with finite lives is recognised in the Consolidated Statement of Comprehensive Income in the expense category consistent with the function of the intangible asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

(k) Available-for-sale financial assets

The Club has invested the 2013 distribution received from the Geelong Cats Sports Foundation in a combination of equity securities and cash management funds. Upon investment, these funds were classified as available-for-sale investments and have been subsequently measured at fair value with gains and losses being recognised as a separate component of equity. As the investment is derecognised or as the investment is deemed to be impaired, the cumulative gain or loss previously reported in equity is recognised in the Consolidated Statement of Comprehensive Income. Fair value of investments is determined by reference to quoted market bid prices at the close of business on balance date.

(l) Plant and Equipment

(i) Owned Assets

Plant and equipment and leasehold improvements are stated at historical cost, less accumulated depreciation and any accumulated impairment losses. Where an asset is acquired at no cost, or for a nominal cost, the cost is its fair value as at the date of acquisition.

(ii) Leased Assets

Leases in terms of where the Club assumes substantially all of the risks and rewards of ownership are classified as finance leases which are recognised on the Club's Consolidated Statement of Financial Position. All other leases are classified as operating leases and the leased assets are not recognised on the Club's Consolidated Statement of Financial Position.

(iii) Subsequent Costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Club and its cost can be reliably measured. The carrying amount of the part replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised as an expense in the Consolidated Statement of Comprehensive Income as incurred.

(iv) Memorabilia

Over the years the Club has collected a considerable amount of memorabilia. The memorabilia collection was valued at \$4,187,900 (unaudited) as at 9 September 2014 by independent AFL memorabilia valuer, Rick Milne. Memorabilia is not recorded in the Club's financial report. The Club estimates the collection to be worth \$4,250,000, as at 31 October, and will seek professional guidance with a full revaluation to be completed in the near future.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(v) Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, is depreciated on a straight-line basis over their useful lives commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the ground lease or the estimated useful lives of the improvements. The following depreciation useful life ranges have been used:

	Useful lives	Depreciation basis
Furniture & fittings	2-15 years	Straight Line
Motor vehicles	4 years	Straight Line
Computer equipment	3 - 5 years	Straight Line
Gaming equipment	7 years	Straight Line
Leasehold improvements	5-40 years	Straight Line

Assets' useful lives and depreciation methods are also reviewed, and adjusted if appropriate, at each balance date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(vi) Disposal

An item of plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Gains or losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Consolidated Statement of Comprehensive Income.

(m) Impairment

Plant & Equipment and Intangibles

The carrying values of the Club's tangible and intangible assets are reviewed for impairment at each reporting date, to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, recoverable amount is determined for the cash-generating unit to which the asset belongs, unless the asset's value in use can be estimated to be close to its fair value.

An impairment exists when the carrying value of an asset or cash-generating unit exceeds its estimated recoverable amount. The asset or cash-generating unit is then written down to its recoverable amount, with an impairment loss recognised in the Consolidated Statement of Comprehensive Income.

Financial Assets

The Club assesses at each balance date whether a financial asset or group of financial assets is impaired. If there is objective evidence that an impairment loss has been incurred on a financial asset, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows. The discount rate used for financial assets carried at amortised cost is the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition).

(n) Income Tax

The Club is exempt from income tax as an exempt sporting organisation in accordance with Section 50-45 of the Income Tax Assessment Act 1997.

(o) Trade and Other Payables

Trade and other payables are carried at amortised cost and are recognised for amounts to be paid in the future for goods or services received, whether or not they have been billed to the Club. Trade payables are unsecured and are normally settled within 7-30 days. Other payables are settled on various commercial terms and conditions, typically within 30 days.

(p) Income Received in Advance

Income received in advance is recognised in line with the terms of specific contracts. Sponsorship income and membership income received in advance is recognised in line with the sponsorship contracts or membership subscription period and the respective service obligations of the Club.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(q) Interest Bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Club has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use or sale) are capitalised as part of the cost of that asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of the interest and other costs that the Club incurs in connection with the borrowing of funds.

(r) Employee Provisions

(i) Wages, salaries annual leave and sick leave

Provisions for employee benefits are recognised when the Club has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date.

Liabilities arising from wages and salaries, annual leave and accumulating sick leave, which will be settled within 12 months of reporting date, have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs in respect of employees' services up to the reporting date. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

(ii) Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at 31 October 2015 on high quality Corporate bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

In December 2002 the AFL Clubs and players entered into a Federally Certified Long Service Leave Agreement. This agreement removed the State Long Service Leave entitlements of the players. Instead, the players receive additional annual leave after a set number of years of service and consequently clubs are not required to accrue for long service leave liabilities for its current players.

(iii) Superannuation

Contributions are made by the Club to an employee superannuation fund and are charged as expenses when incurred.

(s) Revenue Recognition

Revenue is recognised at the fair value of the consideration received or receivable to the extent that it is probable that the economic benefits will flow to the Club and the revenue can be reliably measured, net of the amount of goods and services tax (GST).

(i) Sales Revenue

Sales revenue is recognised at the point of delivery as this corresponds to the transfer of significant risks and rewards of ownership of the goods and cessation of all involvement with those goods. Sales revenue is detailed in note 3 and comprises revenue earned from AFL dividends and prize money, membership, reserved seating, merchandise, sponsorships, fundraising, gate receipts, food and beverage, gaming activities and interest on investments. Sponsorships involving contra arrangements are recognised as revenue equivalent to the fair value of the services provided by the sponsor. Interest income is recognised as it accrues using the effective interest method.

(ii) AFL Distributions and Match Returns

AFL distributions are recognised as they are received or become receivable. Match day income is recognised at the conclusion of each AFL home game.

(iii) Membership Revenue

Membership income is recognised throughout the duration of the AFL home and away season to which it relates. Subscriptions received in advance from members that relate to future years are included as a liability in income received in advance and will be recognised as revenue in the years to which they relate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

(iv) Marketing and Sponsorship Income

Marketing and sponsorship income is recognised when amounts are due and payable in accordance with the terms and conditions of the sponsorship contract. Sponsorship monies received in advance that relate to future years are included as a liability in income received in advance and will be recognised as revenue in the years to which they relate.

(v) Gaming Revenue

Gaming, bar, bistro and function revenue is recognised as it is earned. Deposits on functions received in advance that relate to functions to be held in future years are included as a liability in income received in advance and will be recognised as revenue in the year to which the function relates.

(vi) Grant Revenue

Grant revenue, including contributions of assets, is recognised in the Consolidated Statement of Comprehensive Income when it is controlled or the Club has the right to receive the contribution. When there are conditions attached to the grant relating to the use of grant funds for specific purposes this is disclosed in the relevant note to the financial statements.

(vii) Non-reciprocal contributions

The Club occasionally receives non-reciprocal contributions of assets from third parties for nominal or zero value. These assets are recognised at fair value on the date of acquisition in the Consolidated Statement of Financial Position, with a corresponding amount of revenue recognised in the Consolidated Statement of Comprehensive Income.

(t) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office. The amounts reported for receivables and payables on the Consolidated Statement of Financial Position at balance date are inclusive of GST. The net amount of GST receivable from, or payable to, the Australian Taxation Office is included as a current asset or liability in the Consolidated Statement of Financial Position.

Cash flows from operating activities are included in the Consolidated Statement of Cash Flows on a gross basis. The GST components of cash flows applicable to investing and financing activities that are recoverable from, or payable to, the ATO are classified in operating cash flows.

(u) Comparative Figures

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

(v) Members' Liability on Winding Up

The Club is a company limited by guarantee and domiciled in Australia. Accordingly the liability of the members of the Company is limited. As stated in clause 7 of the Club's Memorandum of Association, each member of the Club undertakes to contribute to the assets of the Club in the event of it being wound up while they are a member or within one year afterwards for payment of the debts and liabilities of the Club contracted before they cease to be a member and of the costs, charges and expenses of winding up the Club and for the adjustment of the rights of the contributories amongst themselves such amount as may be required not exceeding two dollars (\$2).

(w) Significant Accounting Judgements, Estimates and Assumptions

In applying the Club's accounting policies management continually evaluates judgements, estimates and assumptions based on experience and other factors, including expectations of future events that may have an impact on the Club. All judgements, estimates and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. Actual results may differ from the judgements, estimates and assumptions.

Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are outlined below:

Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience as well as manufacturers' warranties (for plant and equipment) and lease terms (for leased equipment). In addition, the condition of the assets is assessed at least once per year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

Finance lease commitments - Club as lessee

The Club has lease agreements for the usage of Simonds Stadium. The Club has determined that it retains substantially all the significant risks and rewards of ownership of Simonds Stadium as the leases are for the major part of the economic useful lives of the leased assets. Thus the Club has classified this lease as a finance lease.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

Operating lease commitments - Club as lessee

The Club has lease agreements over the land and buildings at The Brook on Sneydes and various items of office equipment. The Club has determined that it does not retain substantially all the significant risks and rewards of ownership of these leased items and thus the Club has classified these leases as operating leases.

Impairment of Intangibles

The Club assesses whether intangibles are impaired at least annually in accordance with the accounting policy set out in note 2(m). These calculations involve estimating the recoverable amount of the cash generating units to which the intangibles are allocated.

Impairment of available-for-sale assets

The Club holds a number of available-for-sale financial assets and follows the requirements of AASB 139 Financial Instruments: Recognition and Measurement in determining when an available-for-sale asset is impaired. For the year ended 31 October 2015 the Club has determined that any decline in value of individual available-for-sale assets was not considered significant or prolonged.

Long service leave provision

As outlined in Note 2(r)(ii), the liability for long service leave is recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at balance date. In determining the present value of the liability, attrition rates and pay increases through promotion and inflation have been taken into account.

(net of accumulated amortisation and impairment)

(c) Description of the Club's intangible assets

(i) Leasehold rights

Leasehold rights have been acquired via the Club's contributions to all four stages of redevelopment at Simonds Stadium and are being carried at cost less accumulated amortisation and accumulated impairment losses. Amounts relating to Stages 1, 2 and 3 of the intangible asset are being amortised using the straight line method over the remaining Simonds Stadium lease term commencing at the completion of each stage of the development (32-40 years). Stage 4 leasehold rights will commence amortisation upon completion of the redevelopment which is anticipated to be in May 2017. These assets are subject to impairment testing on an annual basis or whenever there is an indication of impairment.

(ii) Licences

- The Club acquired 182 gaming entitlements from the State Government in 2012 via an interest-free loan for a nominal amount of \$3,507,733. The entitlements became effective on 16 August 2012 and have a useful life of 10 years inline with their expiry. The asset was initially recorded at its present value and is subject to impairment testing on an annual basis or whenever there is an indication of impairment. Two licences expired during the 2013 financial year (Melbourne and Surf Coast), and as such have been disposed of for accounting purposes.
- The Club acquired a gaming licence from the Victorian Casino and Gaming Authority to operate from its Point Cook gaming venue. All costs associated with this acquisition were capitalised at cost and are being carried at cost less accumulated amortisation and accumulated impairment losses. The asset is being amortised using the straight line method over its useful life of ten years, which currently has three years remaining.
- During 2014, the Club accepted an offer from the Minister for Liquor and Gaming Regulation to extend the payment term for gaming entitlements by an additional six months. The proposed variation took effect on 31 August 2014, and extended the Club's entitlement payment term to 31 August 2017.

(iii) Software

Software purchased is being carried at cost less accumulated amortisation and accumulated impairment losses. Software assets are amortised using the straight line method over their useful lives of between 3-7 years. These assets are subject to impairment testing on an annual basis or whenever there is an indication of impairment.

(iv) Right to acquire land and buildings

The amount capitalised as a right to acquire land and buildings represents the fair value of the right to acquire land in Armstrong Creek through the Club's sponsorship with Villawood. The rights are being carried at fair value at date of acquisition less any accumulated impairment losses. The assets will commence being amortised when the club receives title to the land and buildings and begins using them, but will be subject to impairment testing on an annual basis or whenever there is an indication of impairment.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

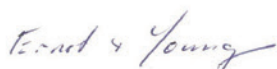

Independence

In conducting our audit we have complied with the independence requirements of the *Corporations Act 2001*. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the directors' report.

Opinion
