THE HUDDLE HALF YEAR REVIEW

This month we released our Half Year Review which features highlights of our stories, achievements and growth over the first half of 2016. We also take this opportunity to thank all of our volunteers, partners and friends. We couldn't achieve what we do without their passion, commitment and hard work.

To learn more about what we do at The Huddle you can read our Half Year Review at: <http://bit.ly/29Ofz7J>

PATHWAYS AT THE HUDDLE

For any university enquiries, subject selection and VTAC application questions or to get career, training or education advice we have Jess, our Careers Advisor available at The Huddle on Thursdays from 4:30pm to 7:00pm. We also have free resources for you to take home, including all the course guides and useful pathway resources.

Please note: At the end of this term, The Huddle will be running Exam Revision Sessions again for a number of VCE subjects. To express interest or for those volunteers who are able to run a session please email Clark Mitchell, our Volunteer Co-ordinator at clark.mitchell@nmfc.com.au. More details about the Exam Revision Sessions will be available closer to the holiday period.

ROCK UP NETBALL

The Huddle and Netball Victoria are pleased to be running a four-week Rock Up Netball program. This program is open to Huddle participants and the public to get women and girls involved in a different kind of Netball. Rock Up Netball incorporates the basic skills of playing netball in a fun and friendly environment with relaxed match play to finish. If you're new to the sport or returning to netball, this program is for you.

You can register for the program at: <https://rockupnetball.com.au/events/view/242>

Please note: Later in the term we will be running another Rock Up Netball program within our new Active Girls day on Tuesdays from 4:30pm to 6:00pm.

WELCOME TO AFL

A huge thank you to all the volunteers and multicultural ambassadors who helped at the most recent Welcome to AFL session on 30th July. Once again we had over 250 international university students and participants from newly arrived migrant support organisations attend the session to learn about The

Huddle, NMFC and the great game of AFL. The participants then made their way to Etihad Stadium to see NMFC play against St Kilda. Without the support from our volunteers we wouldn't have been able to have such large numbers of enthusiastic new AFL and NMFC fans participate in such an inspiring and fun day.
