

COLLINGWOOD FOOTBALL CLUB

FOOTBALL PERFORMANCE INTERNSHIP

The Collingwood Football Club is one of the largest and most iconic professional sporting clubs in Australia, a promoter of everything innovative. We are offering students the opportunity to partake in our newly formed Football Performance Internship. This program was designed to give ambitious students an opportunity to work closely with the club's Performance Analysis and Sport Science team. This hands on experience is aimed at accelerating professional development by equipping students with the necessary skills to succeed in the elite sporting industry.

KEY DUTIES

- » Coding games and training sessions
- » Data entry and statistical analysis
- » Setting up and filming training sessions
- » Assisting with fitness testing and data collection
- » Other training tasks as required

At all times you will be supervised by a Collingwood staff member

DURATION

- » The program will commence mid to late November
- » Applicants will need to commit to between 6-12 hours per week, primarily based at our training facility, the Holden Centre
- » Hours will vary between pre-season/in-season
